January 2008

VOTE NO

In 2004, you voted NO to three year terms for Lake Worth Commissioners and NO to the elimination of run-off elections. Our City Commission has put this back on the ballot once again and

we say NO!

Today we residents have a struggle:

- * **Excessive electric rates**
- * **High taxes**
- * **Escalating crime and gangs**
- * **Illegals**
- * **Corruption**
- * **Failing city services**
- * **A commission that does not listen**

Once again, on Tuesday January 29th

VOTE NO

on all three ballot issues:

NO to three year terms.

If they are good enough, we will vote them back in. Two year terms are good enough for our US Congress, then they should be good enough for Lake Worth.

NO to the elimination of run-off elections.

Officials must be elected by a majority of the voters, not the minority. Run-off elections ensure that majority rules. Without run-offs, a small minority can take over our city. Preserve democracy.

NO for eliminating the LW residency requirement for police and fire chiefs.

We need them living in our community and able to react to emergencies quickly.

Safety First.

VOTE NO
